

# **SEPTIC TANK PUMPING REQUIRED**

**This NOTICE serves as a reminder that in order for the Household Sewage Treatment System (HSTS) to operate as designed and installed, the components and any associated pumps, filters, and/or controls must receive monitoring and/or maintenance (O&M) at specified intervals.**

**Our records indicate that your SEPTIC TANK requires pumping before December 31, 2019 and that the SEPTAGE PUMPING REPORT FORM be returned or post marked to the Seneca County General Health District (SCGHD) no later than January 15, 2020**

**The SEPTAGE PUMPING REPORT FORM is to be completed by a licensed pumper or service provider. They are required to submit this form to the SCGHD in a timely fashion prior to January 15, 2020. The licensed pumper may indicate that the tank does not require pumping at this time.**

**FOR ADDITIONAL EXPLANATION VISIT OUR WEBSITE:  
<https://www.senecahealthdept.org/sewage-systems>**

**Questions? Please call 419-447-3691 ext. 325**

**NOTICE: IF PUMPING REPORT IS NOT RECEIVED IN THE REQUIRED TIMEFRAME, SCGHD WILL PROVIDE SERVICE AND CHARGE ACCORDINGLY.**
